NORWICH
City Council

BATTERY CERTIFICATE

This certificate shall be kept with the film exhibitions licence and shall be available for inspections by persons authorised in that behalf by the Licensing Authority. The inspection shall be carried out at least every six months.

THIS IS TO CERTIFY that the safety lighting batteries at the _____

Cinema have been tested by me on the undernoted dates and that : -

(a) the batteries appear to be in a safe and satisfactory condition.

(b) the capacity of the batteries is sufficient to supply at normal voltage the full load of the safety lighting for a period of not less than three hours.
